

Get help when you need it most

Get Help! With a push of a Button.

In the event of a fall or other emergency, a LifeNet medical alert system can get you help quickly.

The Right Medical Alert System for You

In Home Existing Landline

Our top selling system works with your home telephone service to get you help at the push of a button.

In Home Cellular

LifeNet's in-home cellular system works in households that do not have a traditional landline.

Mobile with GPS

Access to help even when you leave your home. LifeNet Mobile Alert with GPS helps identify your location in the event of an emergency.

Fall Detection

LifeNet with Fall Detection uses a proprietary sensor within the help button itself that automatically notifies LifeNet when it determines you have fallen.
